

## THE MINING INDUSTRY

Is one of Utah's greatest resources. The Herald publishes more mining news than any other Utah newspaper.

TWENTY-NINTH YEAR.

## TRAGIC DEATH OF MRS. LIPPMAN

Neck Was Broken and She Died Instantly.

HUSBAND'S INJURIES ARE NOT SERIOUS

Body Arrived In Salt Lake Last Night.

Coach In Which the Unfortunate Woman Was Riding Struck a Boulder and Careened—She Thrust Her Head Out of the Door and It Came In Contact With a Tree, Dislocating Her Neck—Other Passengers Were Injured.

The remains of Mrs. Joseph Lippman arrived here last night, and the embalmed at Evans undertaking establishment. Particulars of her tragic death reached the grief-stricken relatives yesterday. The beloved woman was killed instantly, while trying to escape from an overturning stage-coach, drawn by plunging horses. She started from the coach, when her head came in contact with a tree. Her neck was broken.

Joseph Lippman was thrown violently and lost consciousness. His head was badly bruised, and it may be several days before he will be able to move. It was a sad party that met the Oregon Short Line train last evening at 9 o'clock to receive the body of Mrs. Lippman, which was accompanied by P. R. McKenna, agent for the stage line, from Manila, and Judge Powers, D. N. Straup and D. S. Spencer, who went to Ogden on the afternoon train to bring the remains home.

Stage Started Late. The stage left Manila behind schedule time Friday morning. The journey continued all day and far into the night, and but three miles more were to be traveled before the party's destination would have been reached. Mr. and Mrs. Lippman had been riding on the boat during the day, and the coach was crowded and very hot, and they were seated inside.

The stage went on its course through the dark canyons and over steep inclines, jurching from side to side in the miserable roads until the occupants were well high prostrated with nervousness.

She put her head out of the window or upper part of the door, just as the horses gave another plunge forward, and the rig toppled over against a tree. The coach struck a large boulder that had rolled down from the mountain side, and the conveyance was heaved to a dangerous angle, when a piece of the harness broke, and the horses started to rear and plunge. The wheel at one side got off the road and slewed down the mountain side, and the coach, with Mrs. Lippman, terribly excited, struggled to escape.

Thrust Her Head Out. She put her head out of the window or upper part of the door, just as the horses gave another plunge forward, and the rig toppled over against a tree. ## OGDEN'S NEW RESORT BURNED

THE GLENWOOD ALMOST A TOTAL LOSS.

Origin a Mystery—No Insurance—Resort Will Probably Not Be Built Before Next Season.

(By Telephone to The Herald.) Ogden, Aug. 27.—The principal building of the new Glenwood resort was destroyed by fire early this morning. The fire started at about 11:30 p.m., and spread rapidly, burning for about an hour before it was extinguished. The loss is estimated at about \$100,000. The resort was built on a site of about 100 acres, and was to have been one of the most modern and comfortable in the West. The fire was caused by a gas stove in the kitchen, and the origin is a mystery. The resort was not insured, and the owners are now trying to raise money to rebuild it. It is probable that it will not be built before next season.

## TROOPS A YOKOHAMA

Ovation Tendered the Idaho, Wyoming and Dakota Volunteers.

Remain There Five Days

ALL THE RETURNING SOLDIERS HANDSOMELY TREATED.

Only About Forty or Fifty In Japanese City, But Heroes Are Entertained In Manner Never Before Equaled Under Like Circumstances—Repaid By Gratitude.

Yokohama, Aug. 11 (via Victoria, B. C., Aug. 27).—The United States troops that arrived here this morning from Manila via the Dakota, Idaho and Wyoming troops. They have just come ashore, and are being accorded a great ovation. They will remain here five days.

Papers of last week, both native and foreign, have been filled with rumors of the alliance of some sort between China and Japan. Among the best informed local credence is given to popular rumors. At the same time it is known that the Japanese government is not in a position to make any such alliance. The time is not yet ripe, however, for Japan, even with China to aid her, to try conclusions with her northern foe.

The foreign community here is watching with great interest the first murder trial of a foreigner in the Japanese courts. Though there is no doubt of the guilt of the accused, an American named Miller, a resident of the city, who was charged with the murder of a Japanese, the trial is being watched with great interest by the Japanese community.

There is little doubt that John Y. Smith is the guilty man, and to find him no more will be left unturned. Sheriff Howells yesterday dispatched Deputies Ben Harries and Sam Dowse to Bingham, where they will await developments. Police Officer Abe Randolph has gone through the Tintic district to Mercur without securing any trace of the plotter. The police, since receiving reports from Randolph, are more certain than before that Smith is the man wanted. The officer made some discoveries while at Bureka that will fasten the crime upon the ex-convict more firmly than of what nature the officers will not divulge.

It is claimed by a rancher named Stringham in Bingham canyon that Smith was at his place Friday night, and that he had thrown cold water on the claim that he deposited the boxes with the Bureka express agent the same day. It was ascertained, however, that the boxes were not there on the 3 o'clock train and reached Stringham's that night without difficulty.

Powers Is Congratulated. Besides the offer of a reward, there are no important developments in the case. Judge Powers has received hundreds of congratulations upon his escape—as has the warden—and the judge is still wondering what power prompted him to desert from opening the package.

He is doing everything possible to bring the culprit to justice. The expenses of the officers engaged on the case are to be paid by himself, though he did not feel disposed to hold out any large reward for the would-be assassin.

The boxes remained locked in a desk at the police station yesterday, with the key in the hands of Sheriff Howells. The boxes were not opened until after the death of the man who was supposed to have been the assassin.

Storrs a Visitor. Among those who were attracted to the case was Sheriff Storrs of Utah county, and Special Agent John Brown of the Rio Grande Western. Mrs. Sheets, wife of the detective, eyed it curiously and with some interest, but she was not allowed to see it. She was, however, told that the boxes were not opened until after the death of the man who was supposed to have been the assassin.

The search will be prosecuted with vigor. The police are somewhat discouraged since all the mining camps, in one of which they had hoped Smith might have been located, have been visited without return.

THE STRIKE AT HAVANA. Situation Is Causing Much Alarm Among the Citizens.

Havana, Aug. 27.—The strike in Havana is beginning to cause genuine alarm among the citizens, as it is supposed that the bakers will go out tomorrow, and that the result will be a general strike. The bakers are threatening to strike within the next few days if the strike of the rural guards and administration is not ended. It shows that under the management of the United States government the receipts of the island from Jan. 1, 1899, to June 30 of the current year, exceed the expenditures by the very large sum of \$1,800,000. This statement probably will be a surprise to many persons, who had thought that Cuba, under the military occupation of the United States, was not self-sustaining.

During the period named the receipts from all sources was \$6,882,000; disbursements, \$5,082,000. Of the money disbursed, \$1,712,000 was expended in sanitation; \$595,353 in the erection and improvement of barracks and quarters; \$414,563 in the establishment, etc., of the rural guards and administration; \$250,000 on public works, harbors and forts; \$181,881 in charities and hospitals; \$124,146 for civil government; \$723,281 on municipalities; \$88,944 in aid to the destitute; \$12,200 in quarantine matters; total, \$4,448,924.

The statement for July shows that the customs collections in the entire island for July were \$1,299,337; internal revenue collections, \$56,251; postal collections, \$15,000; miscellaneous collections, \$65,435. Grand total of receipts for the month, \$1,536,023; disbursements, \$1,322,877.

RECEIPTS OF THE PHILIPPINES. Over \$5,000,000 Have Been Taken In By the United States.

Washington, Aug. 27.—The statement of the receipts of the Philippine islands from the date of occupation by the United States government to July 31 last shows that the total receipts from all sources for the period named was \$5,441,411. The receipts from all sources by ports for the above named period are:

Manila ..... \$3,448,244  
Hole ..... 295,369  
Cebu ..... 158,136

## REWARD OF \$500

To Arrest Sender of Infernal Machines,

Police Can Find

NO TRACE OF SMITH

Fruitless Search Made By Officer Randolph.

Last Night Governor Wells Telephoned The Herald That He Had Concluded To Put a Price On The Head of the Man Who Tried to Assassinate Judge Powers and Warden Dow—Sheriff Howells Acts In the Case.

Governor Wells telephoned The Herald last night that he had concluded to offer a reward of \$500 for the apprehension and delivery to a safe jail of the man who sent the infernal machines to Judge Powers and Warden Dow Saturday last, and whose whereabouts is as great a mystery as it was at the hour of the appalling discovery.

Toils Fastening On Smith. There is little doubt that John Y. Smith is the guilty man, and to find him no more will be left unturned. Sheriff Howells yesterday dispatched Deputies Ben Harries and Sam Dowse to Bingham, where they will await developments. Cebu ..... 158,136

## FOREST FIRES RAGING

Sweeping Foothills Near Entrance to Platte Canyon.

LOSS OF LIFE REPORTED

THE TOWN OF DEER CREEK, COLO., IS IN DANGER.

Were Started By Camp Fires and Already Millions of Feet of Timber Have Been Consumed—Flames Illuminate Skies Which Spectacle Is Plainly Visible at Denver.

Denver, Colo., Aug. 27.—Forest fires, which it is thought were started from camp fires, are raging on the foothills near the entrance to Platte canyon, about twenty miles south of here. The fires started five miles up the canyon and burned over the mountains on both sides of the canyon and are now devastating the timber section along the foothills.

There are a number of ranches in the vicinity and several of them have been slightly damaged by the fires. At one time today they were threatened with destruction. The town of Deer Creek was also in danger, but the wind changed its course and drove the flames back to the hills.

Tonight the fires are burning fiercely and the wind being slight, are gradually creeping toward Deer Creek again. The fires illuminate the sky and are plainly visible from the outskirts of Denver.

Millions of feet of timber have been consumed, and the loss from the same will be considerable. There are reports of loss of life.

OIL TANKS ON FIRE. Great Damage Being Done at Whiting, Near Chicago.

Chicago, Aug. 27.—A destructive fire occurred at the Standard Oil refineries at Whiting tonight, caused by a leak in one of the stills. A few minutes after the fire broke out there was a terrific explosion, and the flames spread rapidly to the two immense tanks, containing 2,500 barrels of partially refined oil. At the present time it looks as though the eight remaining will be consumed. The loss so far is estimated at \$100,000.

Steve Wilkens, a fireman; Harry Bonney, engineer at the works, and George Cunningham, a still tender, were seriously burned by blazing oil.

FOREST FIRES IN WYOMING. Raging About Laramie Peak and Doing Great Damage.

Omaha, Neb., Aug. 27.—A Bee special from Cheyenne, Wyo., says: Immense forest fires, again, are raging about Laramie peak, in the northern part of Laramie county. The fires have been burning for several days, and have destroyed a large quantity of valuable timber.

The fires have been reported to Special Agents of the U. S. forest service, and efforts to have them extinguished, although it is feared they have obtained such headway that they will be impossible to stop unless rain comes. The Laramie peak district suffered greatly last year from forest fires.

Sweeping Over South Dakota. Omaha, Neb., Aug. 27.—A special to the Bee from Deadwood, S. D., says: A big fire has been raging in the timber tract of the city in the Black Hills district for the past twenty-four hours. It has already burned over a considerable extent of territory, and destroyed much valuable timber. The country is very dry and fears are entertained that the fire will get beyond control, and that the timber will be lost.

It is also reported that another fire has broken out in the Spanish square and that a territory five miles square has already been burned over.

DESTRUCTIVE FIRE IN CALIFORNIA. Hanford, Cal., Aug. 27.—A fire at Armona today, the cause of which is unknown, destroyed \$30,000 worth of property, including a large quantity of this season's crop of raisins.

THE STRIKE AT HAVANA. Situation Is Causing Much Alarm Among the Citizens.

Havana, Aug. 27.—The strike in Havana is beginning to cause genuine alarm among the citizens, as it is supposed that the bakers will go out tomorrow, and that the result will be a general strike.
